

## PRODUCT DATA SHEET

### PROTECT & SHINE

#### PRODUCT INFORMATION:

Protect & Shine has been developed using advanced ingredients for the protection against UV, bacteria, dust and abrasion. Reduces dust attracting static build up and produces a glossy, non-sticky finish which protects against discolouration and cracking.

#### DIRECTIONS FOR USE:

Apply product so that the surface is thoroughly coated. Spread with a soft cloth to ensure even coverage. Dry, porous surfaces may require additional treatments. Safe on all washable surfaces.

#### APPLICATIONS:

Use to rejuvenate and enhance the appearance of your awning, tyres, spare tyre covers, plastic, rubber seals, vinyl, leather, polished and painted surfaces.

#### BENEFITS:

- Supreme quality
- UV protection
- Reduces dust, bacteria & abrasion
- Fully Biodegradable

IMPORTANT: Not suitable for use on floors due to potential slip hazard.
